## 1. Introduction.

---

Mobile Dates - Get holidays, reminders, alerts etc in advance on your Handheld. Upcoming holidays are sorted in order of region and religion. With this you can also add new events like Birthdays, Anniversaries etc.

## 2. Installation/Uninstallation.

---

**Note:** Before installing Mobile Dates you need to open the Date Book Application.

### **Steps to Install Mobile Dates program.**

- First decompress the downloaded file onto the hard drive of your desktop computer.
- You will use the Install Tool application included with the Palm Desktop software to transfer the Mobile Dates program onto your handheld.
- Start the Install Tool program.
- In the User drop down list, select the user name that corresponds to your handheld.
- Click the Add button.
- Navigate to the directory where you decompressed the Mobile Dates files (c:\Mobile Dates).
- Select the .PRC file (**Specific to your device**) file, and then click the Open button.
- Click the Done button.
- Synchronize your handheld with the desktop to transfer the files onto your handheld.

### **Steps to Uninstall Mobile Dates program.**

- Tap on the Menu.
- Click on Delete option.
- Tap on the 'Mobile Dates' option.

### 3. Application Overview

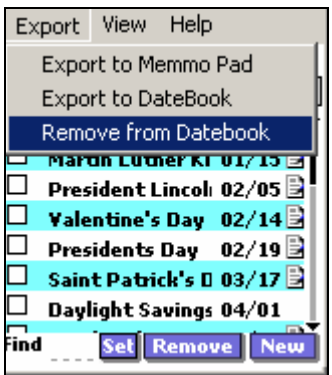

<b>Category List</b>	Select the event category. E.g. Holiday, Birthday, Anniversary etc.
<b>Event Date Column</b>	Select the year from the title bar to see the events for that year.
<b>Find</b>	To search a particular event, enter the starting characters of that event in Find.
<b>Notes</b>	Tap on  icon to view the notes for the event (s).
<b>Set</b>	Select the event(s) you want to export to Datebook & tap on Set.

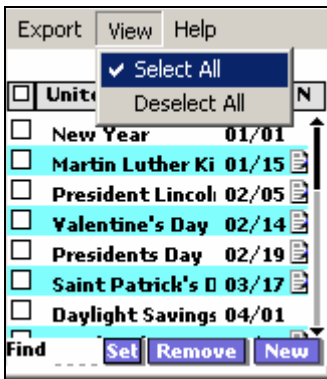

- On selecting the Export to Memo Pad option, events are added to Memo Pad.

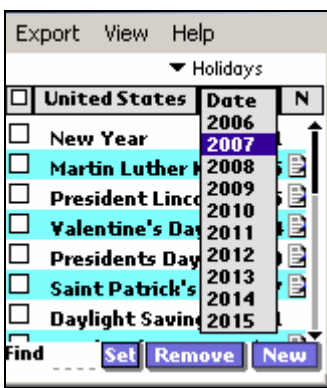

- On selecting the Export to Date Book option, events are added to Date Book.

- On selecting the Remove from Date Book option, events are removed from Date Book.

- On selecting the Select All option all the events are selected.
- On selecting the Deselect All option all the events are deselected.

- Events can be displayed according to the year by selecting the year from the dropdown list.
- Events can also be sorted according to the year. For e.g. in the above figure events are sorted according to the country for a particular year i.e. all the holidays in United States are displayed for the year 2007.

## 4. Categories

There are various categories and sub-categories according to which events are sorted. The following are the categories:-

Anniversary	Birthday	Business	Entertainment
Friends	Holiday	Memorial	Party
Payments	Personal	Unfield	Vacations
Others	All		

There are sub categories under holidays where holidays are sorted according to religion and country. You can select either religion or country according to which you want to sort the events.

### Religion

Following is the list of religions.

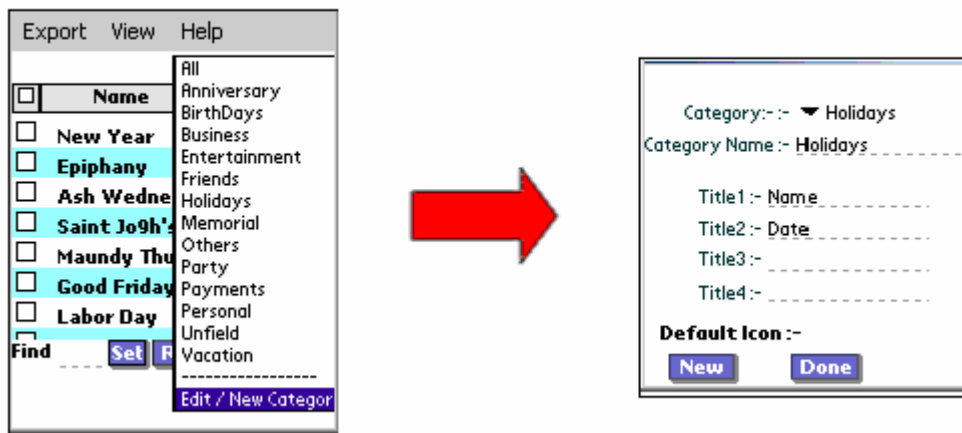

Christian
Jewish
Hindu
Islamic
